

Neufeld Petroleum and Propane, a division of Parkland Industries, operates Fuel and Propane Cardlocks and supplies fuel, lubricants, propane and agricultural products to commercial, residential and farm customers.

TSX: PKI.UN

Neufeld Petroleum and Propane is located in beautiful Grande Prairie, Alberta and has immediate openings for:

Class 1 & 3 Drivers

Permanent and Seasonal

Are you a professional driver who's tired of being away from home? If you have a minimum class 3 license with a clean abstract and a minimum of two years experience hauling dangerous goods, we need you! Our drivers provide local delivery of anhydrous ammonia and fuels, including propane, gas and diesel products. As a professional, you will be committed to safety, teamwork and providing timely and quality service to our customers.

Qualifications:

- Minimum Class 3 drivers license with air endorsement
- Provide a clean drivers abstract
- Must be willing to work alone and drive in all road conditions
- All drivers are subject to pre-employment drug and fitness testing

Parkland Industries LP offers a professional working environment, competitive salary and an outstanding benefits package, including profit sharing and 3 weeks vacation
